

SphericalViewAnalysisAggregate

SphericalViewAnalysisAggregateFlat

HF::ViewAnalysis::Spherical  
RayshootWithAnyRTForDistance

HF::ViewAnalysis::Aggregate

```
graph LR; A[SphericalViewAnalysisAggregate] --> C[HF::ViewAnalysis::Spherical RayshootWithAnyRTForDistance]; B[SphericalViewAnalysisAggregateFlat] --> C; C --> D[HF::ViewAnalysis::Aggregate];
```

The diagram illustrates a data flow or dependency structure. On the left, two boxes labeled 'SphericalViewAnalysisAggregate' and 'SphericalViewAnalysisAggregateFlat' have arrows pointing to a central box labeled 'HF::ViewAnalysis::Spherical RayshootWithAnyRTForDistance'. This central box then has an arrow pointing to a final box on the right labeled 'HF::ViewAnalysis::Aggregate'.
