

nlohmann::ordered\_map  
::insert

nlohmann::ordered\_map  
::operator[]

nlohmann::ordered\_map  
::emplace

```
graph LR; A[nlohmann::ordered_map::insert] --> C[nlohmann::ordered_map::emplace]; B[nlohmann::ordered_map::operator[]] --> C;
```

The diagram consists of three rectangular boxes. On the left, there are two white boxes with black borders. The top box contains the text 'nlohmann::ordered\_map::insert' and the bottom box contains 'nlohmann::ordered\_map::operator[]'. On the right, there is a single gray box with a black border containing the text 'nlohmann::ordered\_map::emplace'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating a relationship or mapping from the left-hand functions to the right-hand function.
