

`std::operator<<`

```
graph LR; A[std::operator<<] --> B[HF::SpatialStructures::Path::size]
```

A diagram showing a relationship between two code elements. On the left, a gray rectangular box contains the text `std::operator<<`. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text `HF::SpatialStructures::Path::size` arranged in two lines.

`HF::SpatialStructures
::Path::size`
