

```
nlohmann::detail::index  
_sequence< I1..., (sizeof...  
            (I1)+I2)... >
```

A diagram consisting of two rectangular boxes. The top box is white with a black border and contains C++ code for an `index_sequence` template. The bottom box is gray with a black border and contains C++ code for a `merge_and_renumber` function template. A blue arrow points from the top of the gray box to the bottom of the white box, indicating a call to the function.

```
nlohmann::detail::merge  
_and_renumber< index_sequence  
< I1... >, index_sequence<  
                    I2... > >
```
