

nanort::BVHAccel::Traverse

```
graph LR; A[nanort::BVHAccel::Traverse] --> B[nanort::IntersectRayAABB]; A --> C[nanort::vsafe_inverse];
```

The diagram illustrates a control flow from a function call to two other functions. On the left, a gray rectangular box contains the text 'nanort::BVHAccel::Traverse'. Two blue arrows originate from the right side of this box. The top arrow points to a white rectangular box containing 'nanort::IntersectRayAABB'. The bottom arrow points to another white rectangular box containing 'nanort::vsafe_inverse'.

nanort::IntersectRayAABB

nanort::vsafe_inverse
