

Cinterface

```
graph TD; Cinterface[Cinterface] -- 30 --> Cpp[Cpp];
```

The diagram illustrates a call from a component labeled 'Cinterface' to a component labeled 'Cpp'. 'Cinterface' is represented by a light blue rectangle with a black border. 'Cpp' is represented by a white rectangle with a red border. A vertical black arrow points from the bottom center of 'Cinterface' to the top center of 'Cpp'. The number '30' is positioned to the right of the arrow, indicating the value being passed.
