

CastRaysDistance

CastSingleRayDistance

HF::RayTracer::EmbreeRay
Tracer::IntersectOutputArguments

```
graph LR; A[CastRaysDistance] --> C[HF::RayTracer::EmbreeRayTracer::IntersectOutputArguments]; B[CastSingleRayDistance] --> C;
```

The diagram illustrates a mapping from two source functions to a common target. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'CastRaysDistance' and the bottom box contains 'CastSingleRayDistance'. Two blue arrows originate from the right side of these boxes and point towards a single gray rectangular box on the right. This gray box contains the text 'HF::RayTracer::EmbreeRay' on the top line and 'Tracer::IntersectOutputArguments' on the bottom line. The arrows indicate that both 'CastRaysDistance' and 'CastSingleRayDistance' are associated with or point to the 'HF::RayTracer::EmbreeRayTracer::IntersectOutputArguments' structure.
