

GraphExampleTests::TEST

```
graph LR; A[GraphExampleTests::TEST] --> B[HF::SpatialStructures::Graph::Clear]; A --> C[HF::SpatialStructures::Graph::NodesAsFloat3];
```

The diagram illustrates a test function, `GraphExampleTests::TEST`, which is represented by a grey rectangular box on the left. Two blue arrows originate from the right side of this box, pointing to two separate white rectangular boxes on the right. The top box contains the text `HF::SpatialStructures::Graph::Clear`, and the bottom box contains the text `HF::SpatialStructures::Graph::NodesAsFloat3`. This visualizes the test function interacting with or verifying the behavior of these two specific methods or functions.

HF::SpatialStructures  
::Graph::Clear

HF::SpatialStructures  
::Graph::NodesAsFloat3
