

GraphExampleTests::TEST

```
graph LR; A[GraphExampleTests::TEST] --> B[HF::SpatialStructures::Graph::Clear]; A --> C[HF::SpatialStructures::Graph::NodesAsFloat3];
```

The diagram illustrates a call from a test function to two different methods. A central box on the left, labeled 'GraphExampleTests::TEST', has two blue arrows pointing to two separate boxes on the right. The top box contains the text 'HF::SpatialStructures::Graph::Clear', and the bottom box contains 'HF::SpatialStructures::Graph::NodesAsFloat3'.

HF::SpatialStructures
::Graph::Clear

HF::SpatialStructures
::Graph::NodesAsFloat3
